### NAMES IN THE NEWS

Anstruther Dunbar, oldest annuitant in the Company, cuts the cake at a party celebrating his 90th birthday in the employees' cafeteria at the Bayway, N. J. refinery. Mr Dunbar retired with an employee annuity 20 years ago after more than 17 years' service at the reflinery. With him are D. L. Ferguson, left, assistant manager of the New Jersey Works, and A. L. Wilson, superintendent of steam and power at Bayway.

Anstruther Dunbar, e homber di mas bicuw cu ta ricibi annuity di Compania ta corta un bolo na e fiesta cu tabatin na cafeteria di emplea-donan di Refineria Bayway di New Jersey, cu motivo di celebración di su 90 anja di bida

Leonaris Cooper, San Lucas pitcher, did his best to win his own game in the final playoff Septem-ber 23; above, he starts and of his five double plays, three of which ended innings, but it wasn't enough. See page 3 for story and pictures.

Miss Muriel Reynolds, at left, and Mrs. Margery Porter, right, became the first women to be appointed corporate officers of the Company September 28 when they were named assistant secretaries of the parent company. Both statted with the Company 28 stenographers, Miss Reynolds 19 years ago, and Mrs. Porter 15 years ago. They will share the responsibilities of A. C. Minton, secretary of S. O. Co. (N. J.).

Claude Reddish, Company representative at Min-mi, Florida throughout the war years, was a visitor here from September 29 to October 8. Mr. Reddish, who has helped hundreds of employees and their families through the tangle of wartime travel con-ditions, was making his first trip to Aruba.

# Heights Club Scene of Popular Amateur Hour

Laughter and applause floated out of the Lago Club together with the strains of Speen Linscheer's Orchestra on October 3, as the Lago Heights Advisory Committee sponsored an amateur night.

The audience greatly enjoyed the affair and of the 25 contestants five were favored with prizes by the judges.

First prize went to Ivan Mendes for his rendition of "One Alone". Second prize was awarded to Paulina Maduro for her captivating portrayal of the "Hula-Hula Dance". The third prize was taken by Guillaume Kamperveen for the imitation he did of Adolf Hitler. "How Blue The Night" was sung by Kelvin Wong and he won fourth prize. Fifth prize went to Miss M. Mc Donald for her singing of "Paper Doll".

A special prize was awarded to Paulina Maduro for the best performance of the evening. The best performer was chosen by popular vote by the crowd from among the five winners.

The Master of Ceremonies for the evening was Fernando Da Silva, and Judges were Olga Singh, Isaac Chin and Arturo Frans. Victor Lee handled the

#### Absences for Crop Cultivation Are Authorized Without Penalty

This year, as in the past, the A.W.O.L. policy will be waived for four days in the case of those employees designated by the Government as having land on which crops may be grown. Men in this group are allowed four days off without pay before January 1, 1946.

Two of the allowable days are usually taken immediately after the first heavy rain, and need not be reported to foremen in advance. The other two days are taken from four to eight weeks later in order to cultivate the crops, and these days require permission obtained in ad-

Where necessary, foremen have been provided with lists indicating which employees are eligible for these authorized farming absences.

#### Fleven More Employees Receive Diplomas in Basic Accounting

The Basic Accounting course which 59 Accounting Office employees are taking was completed this month by 11 more employees, who received their diplomas October 11. Including the first group of 18 who graduated July 30, a total of 29 have now completed the work.

The new graduates include Rudolph Chan-Yit, Domingo Oduber, Angel Colina, Charles Soodeen, Henry Fung, John Marchock, Calvin Lam, Andries Geerman, Marcelo Kock, Cecil Joachim, and Dennis Lau.

### "Lago Thrift Foundation" Esso Building Planned Ta Distribui Fls. 200,000 For Rockefeller Center Na Participantenan

Un noticia importante pa participantenan den "Lago Thrift Foundation" (mas o menos 98 por ciento di tur empleadonan, kendenan tin derecho pa participá) a worde duná cu publicamento di 2 di October.

E Hunta di Administracion di "Lago Thrift Foundation" tin e placer di anunciá, cu e ganancia di e "Foundation" i e contribucionnan di Compania, cu a worde hací na cuenta di empleadonan, kendenan a kita fo'i empleo promé di tin derecho ariba e placa ey, i cu a worde acumu!á durante e aña fiscal cu a terminá dia 30 September 1945, lo worde distribuí entre participentenan, kendenan ta aparece como tal den e registronan cu e fecha ey. E distribucion aki di mas o menos Fls. 200,000 lo worde cargá na cuenta di empleado 'riba e siguente base:

Prome Parti — (Ganancia) Un (1) por ciento di e saldo favorable di cada participante lo worde cargá na su cuenta como su parti den e ganancia di e "Foundation".

Segundo Parti — (Contribucionnan di Compania hací na cuentanan di empleadonan, kendenan a kita fo'i empleo prome di tin derecho 'riba tal contribucionnan) ocho i media (81/2) por ciento di e total di su propio contribucionnan i contribucionnan di Compania hací fo'i October 1, 1944 te September 30, 1945. lo worde cargá na su cuenta como su parti den e contribucionnan mencioná aki 'riba entre parentesis.

E sumanan mencioná aki 'riba lo worde cargá na bo fabor i lo aparece den e estado di cuenta individualmente over di e aña, cu a caba dia 30 di September 1945, cual estado di cuenta lo bo ricibi pronto.

### Netherlands Coins Withdrawn From Overseas Circulation

Netherlands silver and copper coins will no longer be legal currency here after January 17, 1946, according to an announcement last month by the administrator of finances at Curação.

Until January 17, they may be exchanged at par for Curação coins or paper money at the tax collector's office in Oranjestad.

# Seventeen "C.Y.I." Awards Made for Aug. and Sept.

August awards in the "Coin Your Ideas" plan totaled Fls. 165.00 with the top award of Fls. 45 going to E. R. Tulloch for suggesting that the "Best" lock cores be returned to the manufacturer for reconditioning.

The second of the top two was an award of Fls. 40 to Odulio Wernet. He suggested installing a monorail over pump 1247 at the No. 1 Alky Plant.

Other awards were: E. Larmonie, Fls. 15, install a guard rail on west side of road to Lake Tanker Dock; J. Arrias, Fls. 25, build a bathroom south of the Isomerization Plant; J. R. Knoll, Fls. 15, use a strap as substitute for the presently used weights in the mail boxes; Kelvin Lewis, Fls. 10, extend platform on tank No. 279 manifold and install platform over pipe lines to sample spigots at Finger Pier; S. G. Croes, Fls. 15, install a light on west side of No. 12 Tar Box.

The September presentations also added up to Fls. 165, including a supplemental award of Fls. 25 to Samuel Viapree of L.O.F. In June of last year he received an initial award of Fls. 100 for this same idea, the use of code words for various refinery products when used in cables to and from New York and other refineries.

A new 33-story Esso Building is to be added to Rockefeller Center's modern skyline soon. While the parent company's offices in the R. C. A. Building will be retained, the new skyscraper will consolidate offices now at six different locations throughout New York City.

Construction will begin as soon as wartime restrictions are eased, and is ex-

Above is an architect's rendering of the new building at Rockefeller Center that will house Esso's offices.

pected to continue for a year. Work is now under way on the razing of 16 brownstone houses now on the land, which centers on the north end of Rockefeller Plaza and has frontages on both 51st and 52nd Streets.

The Company will have all office space above the second floor. The street floor level will have one of the largest restaurants in midtown Manhattan, an entrance to an adjoining bank, an information and products display center for S.O. of N.J., several service shops, and garage facilities for tenants. Eighteen elevators will be provided for an estimated 3,000 workers.

The structure will be the tallest New York office building to be completely air conditioned.

The initial awards for September were: H. Alexander, Fls. 10, install platform under valves on eight-inch asphalt line to Main Dock; F. Dirksz, Fls. 20, apparatus for charging pressure distillate into true boiling stills; Nydia Ecury, Fls. 10, alterations in women's rest room at Personnel Department; A. Stevenson, Fls. 15, increase height of mechanical shaker at Lab. No. 3; Th. Saltibus, Fls. 25, install emergency buzzer on wall outside strong-room at Lago Hospital; C. Hopmans, Fls. 20, improved method for cleaning silica-gel absorber at Lab. No. 3; Abdul Mohid, Fls. 15, install lights parallel to walkway from 831 to 841, Lago Heights; S. Geerman, Fls. 10, rearrange step at southeast entrance of ice plant: P. Robertson. Fls. 15, install phone and buzzer connection from Lago Police office to ambulance

# As Others See Us--

Drawn and contributed by N. A. Kisbee (D.E.M.S.) British Navy

Men, like chickens, cross a road to get on the other side. But men, unlike chickens, are thinking as they cross, which explains why so many chickens don't get there, while men usually do.

USUALLY, that is. Because often your pedestrian thinks of the traffic passing before him not as a source of danger to himself, but as an obstacle, something in the way. The driver too, is often guilty of a lack of thought, viewing the pedestrian as just another object in the road like a rock or rut and not as a person.

A good driver remembers that the pedestrian is more or less defenseless and has a right to use the road. The good driver recalls too, that other drivers are confronted by the same problems, and acts accordingly. On the other hand, an intelligent pedestrian realizes that drivers are under heavy responsibility, for they control the movement of great weight and power.

Our roads could use less of the "every man for himself" and "chicken crossing the road" tactics. More courtesy and more care could reduce the risk of damaged vehicles and, more important, damaged persons.

Hendenan ta cruza caya pa nan yega na otro banda; galinjanan loco tambe ta cruza caya pa nan yega na e otro banda, pero generalmente hendenan ta usa nan sintí ora di cruza caya, loque galinja no por haci. GE-NERALMENTE, pero na ta semper, pasobra mucho bez e hendenan cu ta cruza caya no ta considerá tráfico cu ta pasa como orígen di peligro pa nan mes, sino como un obstáculo, un cos cu ta stroba nan den nan caminda. E chofer tambe sa ta culpabel tin bez di corremento sin pone tino, considerando e hendenan cu ta camna, como cualkier otro cos riba caminda, manera un piedra por ehempel y no como personanan

Un bon chofer ta corda semper cu un camnadó ta mas o menos indefenso, y cu e tin derecho di usa caminda tambe. Di otro banda un camnadó inteligente ta realizá cu chofernan tin hopi responsabilidad riba nan pasobra nan ta controlá movimiento di hopi peso y forza.

Riba caminda mester tin menos di esnan cu ta pensa unicamente riba nan mes persona y otronan cu ta cruza caya mescos cu galinja sin sintí.

Mas cortesía y mas cuidao lo mengua e risco di autonan kibrá y loque ta di mas importancia personanan perjudicá.

# SERVICE SLANTS

The Instrument Department recently received word from Pfc. Sture Johansson of his travels these post-war days in Europe. He was employed in the Instrument Department here from June 1942 until his induction in October 1944. He writes that his outfit is listed as one of Army of Occupation units at Augsburg and that his particular division took over an area in which were located a brewery, a coke bottling plant and four movie houses. The letter also states that he was able to travel good bit throughout southern France, to Nice, Cannes, Monte Carlo and other spots on the Riviera. Upon his return to Augsburg, Sture put in for transfer to the American Technicians School, at Warton, England. There he was to study electrical instruments. When the eight week course is ended he is not sure what will be done with him but he hopes to be sent back to the States.

Ralf Humphrys, who left the Gas Plant in September, 1944 to join the Navy, is at the Great Lakes training station, attached to the clothing and small stores department. "Have done everything from driving a tow motor to keeping books and that is what I am doing now... been on this job for six months now and like it a lot".

He has only 301/2 points toward a discharge, but hopes that all those with over 30 will be out within six months. Future plans: he isn't sure, but is considering a year's schooling at government expense.

Several Lagoites have looked him up in the last year, and he guarantees good time in Chicago to any friends who visit there.

# Former Marine Supt. Here Heads SO. (N.J.) Shipping

Millard G. Gamble, who was marine manager here from 1939 to 1940, was appointed general manager of the marine department of Standard Oil Company (N. J.) last month. He succeeds B. B. Howard, who was recently made a director. At the same time, John J. Winterbottom, marine manager from 1942 to 1944, was named assistant general manager.

Mr. Gamble was a U.S. Naval Academy graduate in 1915. He first served on the battleship "Utah", and during the war was chief engineer and later executive officer on the transport "Hancock". Service after the Armistice included a period as chief engineer on the

M. G. Gamble

Presidential yacht "Mayflower", and later as Judge-Advocate of General Courts Martial at Washington. Following this he joined the Company's marine department, first in construction and repair work and later in the operating division.

Since leaving Aruba he has been assistant general manager in New York. Mr. Winterbottom, who has been in the marine department since 1916, is now on loan to the War Shipping Administration, and will resume his Company duties when that bureau releases him.

# Nearly Fls. 200,000 Distributed Thrift Foundation as Share Of Earnings and Forfeitures

News of importance to participants in the Lago Thrift Foundation (totalling 97.8 per cent of all guilder-paid employees who are eligible) was released October 2, when it was announced that nearly Fls. 200,000 is to be distributed among them. This sum includes earnings of the Foundation, and the Company contributions forfeited by participants leaving the employ of the Company before becoming entitled to them, during the year ending September

To each participant's thrift account will be added one (1) per cent of his credit balance, as his share in the earnings of the Foundation. In addition, as his share in the forfeitures, each participant's thrift account will be increased by eight and one-half (81/2) per cent of the total of his own and the Company's regular contributions from October 1, 1944 to September 30, 1945.

Statements of individual accounts for the year ending September 30, 1945, including the additional credits, will be sent to participants within a short time.

The announcement was made by the Lago Thrift Foundation's Board of Administration, which includes J. J. Horigan, Acting Chairman, Lt. Governor Dr. L. C. Kwartsz, C. B. Garber, and F. Beaujon, with F. J. Getts as Acting

The ESSO NEWS greatly regrets the error in the October shift schedule, and has taken steps to avoid any possible repetition.

The upper section, giving the days of the month, is changed in each issue, while the lower portion, which always remains the same, is kept untouched as a separate block of type and is used throughout the year without change.

untouched ms a separate block of type and is used throughout the year without change.

Last month, however, in breaking up the forms for the preceding issue, a new printshop employee mistakenly separated the shift section from the group section, and when it was replaced later, it was inverted, with the result that all shifts were error.

To prevent a recurrence, a linecut block has been made of the lower portion including the shifts and groups, and those employees who find the monthly feature to be a convenience at home are now assured that the schedule will be correct in future.

NEWS and VIEWS

Most of the island's Chinese population joined the paredles in Ocean-jestad and San Nicolas October 10 Day. Led by the Excelsion Brass firecrackers and a traditional dra-gon mask (see above), the pro-cession drew large crowds of spectators.

The Aruba Flying Club celebrated the acquisition of two former Navy training planes and the addition of ten new members September 16 with a hamburger picnic. The new members were unanimously elected (by the old members) to do the work. Three of them, Don Blair, Johan Schendstok, and Frank Roding can be seen in the center frying 'burgers. The elbow-bender in the doorway at extreme right is unidentified.

Here's another one, fellows ....

Where see meets shore — the schooner "Alta gracia" at the barge dock unloads sisal rope from Cuba. The West Indies' sisal industry came to the fore during the war years when hemp supplies from the Far East were cut off.

E barco di vela "Altagracia" na e warf di barco-nan ta descargando cabuya di sisal exportá di Cuba. Industrianan di sisal nu Islanan Caribe a progresá masha durante di guerra, ora cu nu por a haya material foi di Indianan Oriental.

"First we circle that buoy..." says Frank Scott, at left, to Jim Davis before the start of a Snipe versus fishing-boat race September 29 with much beer at stake. The race got off to a false start when the Snipe, piloted by Scott, had to return to the dock to remove a hidden sea-anchor installed by someone who wasn't cheating fairly. As it turned out, the Snipe, which came in first by a wide margin, might have won even with the Klim can tied to its tail

### Swingsters Voted Big Success at St. Martin

Compliments and thanks were received in large measure by the United Swingsters orchestra last month when they took their music to St. Martin on a goodwill tour. "Your Children's Day will long be remembered.... we cannot be too grateful.... immense pleasure given us.... kindly carry the greetings of St. Martin back to Aruba..." were some of the comments. The picture above shows a portion of the crowd that heard them on Children's Day.

The United Swingsters, one of the foremost musical organizations on the ganizaciónnan musical di Aruba, a sali island, sailed on the M. V. Kralendijk August 25 on what was to be a melodious trip to some of the Antilles.

The first stop was Bonaire, not on the itinerary but a stop nevertheless. The band disembarked, played for a Sunday night party and moved on toward St. Martin the next day. Upon their arrival at St. Martin on the morning of Auto be in the best of condition for the following day, the Queen's Birthday, which promised great activity. And activity there was. In the morning, after playing at the children's parade, the Swingsters furnished music at the Governor's guest house. In the afternoon they were heard at the horseraces, and that night they played for the gala Queen's Birthday Ball sponsored by the Gover-

September 1 turned into a holiday too with all kinds of aquatic sports and boat races. Between the 1st and 5th the Swingsters filled their time by playing all over St. Martin in both the Dutch and French villages.

September 6 was Children's Day in Phillipsburg. This was another festive occasion. In the morning the children and their parents assembled at the "Brick Building", where a program of patriotic music was heard and prizes of books were given to the best pupil in each grade in school. The prizes, the music and refreshments were all donated by the United Swingsters, who were the major attraction.

The original plan of the organization was to travel through the islands playing at various ports of call, but due to transportation difficulties the idea did not materialize. It is hoped that in the future, though, something of this natura can be arranged and carried through successfully.

United Swingsters, un di e mihor orcu e barco di motor "Kralendijk" dia 25 di Agosto pa haci un viaje pa nan toca na algun di e Antillanan.

Na nan yegada na St. Martin dia 30 di Agosto, e hombernan a prepará pa nan toca pa fiestanan di e sigiuente dia, cu tabata Anja di La Reina, e dia grandi. Nan a toca henter dia v parti di anochi na e varios celebraciónnan. Dia gust 30, the boys decided to rest in order 1 de September tambe tabata dia di fiesta y e banda tabata toca durante e pustamentonan na awa. # West Indian Sport Club Starts With Good Record

The "A" team of the new West Indian Sports Club has a clear record in cricket so far, with four straight wins. In the front row, left to right, are C. Assang, H. Grant, K. C. Wong, K. Perrott, F. O. Robinson (captain), J. A. Butts, W. Brown, and S. A. Bacchus. In back are Z. A. Khan, J. Francisco, L. Edwards, D. Harry, G. Lawrence, C. Rohee, E. A. Rankin, J. Lashley, and F. Bolah. The picture was taken by H. Singh.

The newly formed West Indian Sports Club, though not as yet an allstar team, has shown consistent form in batting and bowling and hopes to give a good account of itself when cricket competition gets under way.

Divided into two teams, A and B, the "A" team has played four matches to date and has won all, their last victim being the strong "Allies" eleven. Feature of the West Indian "A" team was that their captain, using the same 25c. coin, has been able to elect to bat on every occasion when the team has played.

The "B" team so far is off to a fairly tough start. Their record is one game played and one game lost.

The club, which came into being during the latter half of August, has as its president Charlie Rohee of Personnel, and Eddie Rankin of T.S.D. as its vicepresident. Allan Kalloo of T.S.D. leads the "B" team, and Frank Robinson of Receiving & Shipping the "A".

The Lago-Lefties, a group of port-sided cricketers who think they are better than most of the teams around, still have an open challenge posted to take on all comers. Any team wishing to knock the chip off their shoulder can send a challenge to Bertie Viapree at the Central Tool Room.

#### DEATHS

Jeseph Lionel Governor of the Receiving & Shipping Department, on September 28, at the age of 43. Mr. Governor, who was from Trinidad, had over 17 years of service. He was a participant in the Thrift Plan. He is survived by his wife.

THEN AND NOW - Fourteen years separate these two pictures, taken from the same spot at the top of Pressure Still No. 12. The one at left, taken in September, 1945, shows the eastward spread of refinery and colony. For oldtimers seeking to identify landmarks, the first is dated March 31, 1931. In the right foreground are the Chicago Bridge & Iron Company's barracks, about where the Cat Plant now stands. Just beyond them is the old Hospital. Coming down at the right are bungalows with never a shrub, flower, or fence. At left center are the "sheepsheds" which housed new single employees. All eight Bachelor Quarters were there then, but beyond them stretches a waste of coral that is now filled with houses and tanks.

# Football League Starts With 18 Teams Entered

#### Plans Include All-Star Squad And Medals for Two Top Teams

Football at the Sport Park took the center of the stage this month as six men met October 5 to organize a departmental league. Gathering in the office of Cliff Monroe, sports coordinator, the committee formulated rules for the two nine-team leagues and began the arrangement of schedules.

The leagues have been called the Divi-divis and the Aloes, and assignment of the teams to leagues was by lot. In the competition two points are to be given for each game won and one point for each game tied. Play is to start on October 21.

For the championship, the first place team in each league will play the second place team in the other; the winners of these two games make up the finals. Competition is sure to be keen and with games going off at the rate of six per Sunday, a lot of football is expected to be seen around here this season. To add spice to the play, individual medals are to be awarded to the members of the teams playing in the finals. Four other medals are to be given too. They will go to the four men who perform most outstandingly during the season and who are not members of the finalist teams.

At the end of the season an All-Star Lago team is to be picked for possible matching against outstanding island teams. Serving as a committee to direct the play will be the captains or the managers of the teams.

The Steering Committee for the league consists of E. Huckleman, of the Dispensary, chairman, G. Ollivierre, of the Electrical Department, secretary, M. Croes of Colony Service, B. Chand of the Storehouse, G. Lawrence of Gas and Poly.

Weganan di Liga Departamental di Futbal ta cuminzà dia 21 di October.

Futbal ta 'riba atrobe na Lago Sport Park; dia 5 di October 6 homber a bini hunto pa organizá e Liga Departamental. Reuniendo den oficina di Cliff Monroe, Coordinator di Sport, e comité a formulá reglanan pa e dos Liganan di nuebe team cada un, y a cuminzá fiha oranan di weganan.

E Liganan lo yama Divi-divis y Aloes y e hungadornan a saka lot, pa forma e diferente teamnan. Nan lo cuminzá hunga dia 21 di October y tur Diadomingo lo tin seis wega. Pa cada wega ganá lo conta dos punto y pa cada wega tablá lo conta un punto.

Pa dicidí cual team ta champión, e dos promé teamnan di cada Liga, lo hunga contra e dos segundo teamnan di e Liga y e ganadornan di e dos weganan aki lo hunga contra otro na final.

Medaljanan individual lo worde duná na miembronan di e di promé y segundo teamnan. Ademas, tin cuater medaljanan mas pa e cuater mihor hungadornan cu no ta hunga den weganan pa campionato.

# Savaneta Takes Two Straight for Championship

THE CHAMPS The Savaneta Stars, below, took the 1945 baseball championship September 23, winning the playoff in straight games. Back row, left to right, Carrera, Ranif-Santiago, and Gonzalez,

RUNNERS-UP San Lucas, cream of the Sport Park teams for the second successive year, was runner-up in the league, bowing to Savaneta in the final. In back are Joseph van Heyningen, Bienvenidos Tocayo, Jose Maria, Arturo LeGrand, Zurdo Pinedo, and Harry LeGrand. In front, George Cooper, Jose Bryson (captain), and Leonaris Cooper.

Na fin di e temporada un All-Star Lago team lo worde elegí pa hunga den competitie. Comité pa dirigi e weganan lo worde formá di captainnan y dirigidornan di e teamnan.

E comité di e Liga ta consisti di E. Huckleman di Dispensario, president; G. Ollivierre di Electrical, secretario; M. Croes di Colony Service, B. Chand di Storehouse, G. Lawrence di Gas & Poly.

# Plantadornan ta Keda Cas sin Perjuicio

Mescos cu den tempo pasá e aña aki tambe tin cuater dia riba cualnan e póliza di A.W.O.L. lo no worde siguí pa e empleadonan designá pa Gobierno como donjonan di tera riba cual nan por planta. E hombernan cu ta pertenecé na e grupo aki tin permiso pa keda cas cuater dia sin pago, promé cu dia 1 di Januari 1946.

Generalmente nan ta tuma dos di e cuater dianan permiti unbez despues di e promé jobida grandi, y nan no tin nodi di reportá na foreman di padilanti. E otro dos dianan ta worde tumá di cuater a ocho siman despues, pa por cultivá e cosecha, y pa e dos dianan aki mester pidi permiso di antemano.

Caminda tabata necesario foremannan a haya listanan cu ta mustra cual ta es empleadonan cu ta eligibel pa e dianan di ausencia pa plantamento.

Attracting big interest in sporting circles is the prizefight series now being staged at the Aruba Boxing Stadium west of San Nicolas. A percentage of gate receipts is going to Netherlands relief funds. The picture at left, taken by C. N. Groenveld, shows the headliners before the main bout September 21, when Kid Dynamite, at left, outpointed Luis Sulbaran in ten rounds. The referee, at right is Reuben Brooks, ambulance driver with the Lago Police Department.

An inspired San Lucas team made a strong bid for the baseball crown in the second game of the championship series September 23, setting up a five run lead early in the game, but the slow-starting Savaneta Stars were not to be denied, and after tieing it up in the eighth, went on to push over two winning runs in the ninth and end the league.

San Lucas started out to avenge the previous week's defeat with lots of pep and go. The first San Lucas run was scored by van Heyningen on a single by A. LeGrand; the other two runs in the inning were made by Bryson on a sacrifice fly to right field, and R. Cooper, who scored after his own triple had brought him into third. In the fourth, A. LeGrand again grabbed the honors, driving in the fourth and fifth of San Lucas' runs with a screaming line double to left.

Defensively, the San Lucas boys had improved tremendously from the preceding Sunday, when errors marred their performance considerably. L. Cooper made a name for himself as a fielding pitcher by starting three double plays which ended three of his most trouble-some innings.

In the seventh inning, however, the famed Savaneta power began its march and the soldiers started to score. Ventura scored first for Savaneta; Katz followed right at his heels after which the inning petered out.

In the eighth the fur really began to fly; Ramirez walked and advanced to second when Eskew reached first on an error. Dallman's double through the box scored Ramirez and Eskew made it another when Ventura lifted a long sacrifice fly to left. Gonzalez came through with a looping single to right bringing in Dallman. Carrera then ended the inning grounding out, L. Cooper to Tocayo. Score now 5-5.

The ninth really put the crusher on the contest; Russell walked, Ramirez singled, and that boy Dallman did it again driving in the sixth and seventh runs with another single. The next three batters ended the inning by grounding out to the shortstop, second and third basemen respectively.

In both the eighth and ninth innings San Lucas could not do any good for themselves and ended the series by going out 1-2-3 in the ninth.

The first game of the series on Sunday, September 16 was a disappointment to the fans, for a really red hot tussle was expected and it turned out to be runaway for the soldiers. Up until the fifth inning there was no indication that the game would be a washout. After giving up two runs pitcher L. Cooper was jerked and the nod went to the right fielder who couldn't stem the tide either, and the frame ended with a big 5 on the Savaneta side of the book. The sixth inning was equally upsetting with more pitchers and more runs coming in and another big 5 for Savaneta. The seventn saw a slight let down in the scoring (Savaneta only got four runs instead of five). After the seventh inning the game settled down to try to end itself by dark, which it finally did only after San Lucas eked out its lone run in the eighth.

The following week's game, however, did much to restore the confidence of the fans, for it was a good ball game with both teams playing much better brand of baseball.

Individual trophies for members of the championship team are not yet here due to shipping restriction; they will be forwarded as soon as they arrive, to end officially the 1945 baseball season.

# LONG SERVICE AWARDS

September, 1945

30-Year Button

Edwin Harris, above, receives his 30 year service emblem from Asst. General Manager J. J. Horigan. Mr. Harris, a process foreman, was employed by the S. O. Co. of Indiana September 27, 1915, and has been in Aruba since February 18, 1929.

Jose Oduber, above at right, was employed September 28, 1925. He receives his 20-year hutton after service without a single deductible absence. He is a senior shipping clerk in the Accounting Department.

Octavio de Cuba, below at right, was employed in April, 1925. Originally employed as a laborer, he became a pipefitter in 1930, and since 1941 has been in the Building & Maintenance division of M. & C.

A son, Elroy Oliver Wendell, to Mr. and Mrs.

During the last two or three years paper has continually been near the top of the list of scarce items. The war created a tremendously increased demand in both military and business uses, while shortages of men and materials in the paper industry brought further complications.

The war is over, but many of the conditions that caused the shortage remain in effect, and will for many months to come. The Esse News has been fortunate in maintaining sufficient supplies in the past, but the scarcity has finally caught up with us. By temporarily going on a restricted schedule, using a limited amount available of a substitute grade of paper, it is hoped that publication can continue. Beginning with this issue, the Esse News will be published once a month until new supplies are received by the printer.

Ormand Charles, October 1.
A son, Charles Walter, to Mr. and Mrs. Ferdinand Avanzini, October 2.
